Tue, 17 May 2016 05:28:00 GMT - Borderline personality disorder (BPD) is recognized as a formidable clinical problem. BPD is prevalent, often disabling, carries a lifetime risk of death by suicide of between 5% and 10%, and increases the risk of treatment resistance in comorbid disorders (Plakun, 2011, Skodol et al., 2011). Five evidence-based therapies for BPD have emerged ...

Tue, 10 Jul 2018 00:29:00 GMT - Codependency is not recognized as a distinct personality disorder by any version of the DSM, including the DSM-5, the most recent version. That said, research shows that while codependency does overlap with other personality disorders, it does appear to constitute a distinct psychological construct. The

best way to learn about codependency is to review some of the signs of codependency.
